

Players, Parents, and Soccer Families,

Before I begin, let me remind you that all our soccer information can be found on the NHS website at Newingtonathletics.com.

It is with great pleasure that I present our program an opportunity to buy Newington High School official soccer apparel from Saturday, July 30th, 2016 until Sunday, August 7th, 2016 at midnight. This is open to any person including parents and siblings who would like to purchase official Newington Indians Soccer equipment. ***The purchase of apparel does not guarantee making the team!*** This will be the only opportunity to buy the Newington High School Boys' Soccer apparel for the 2016 soccer season. No orders will be able to be added after the Sunday deadline (No Exceptions). It takes several weeks for the apparel to come in with our logos on it as we plan to have it around the first week of the season.

All equipment is purchased through Billings Sports and their website www.billingsports.com. We have a great opportunity to get high quality Nike apparel at a great price. The equipment you are able to order is two different short sleeve training tops in navy and grey. There are also two different long sleeve training tops in navy and grey. All of the T-shirt tops have a logo that says Newington Indians Soccer. It looks really sharp! Another piece is a performance hooded sweatshirt in navy with the same logo as the training tops. There are soccer style warm-up pants in black that can be purchased too; they are plain with no logos. The final new piece is a soccer back-pack in gray which will have a large embroidered N in blue and gold on it. (All equipment looks fantastic when our young men wear it around school and on the field!)

To order you must do it online through Billings Sports. As the coach, my hands are out of the ordering process which makes it much easier for all parties. All I do is hand out the equipment to the players when it arrives! Follow these instructions to order:

1. Go to www.billingsports.com
2. Select **Online Ordering Form**
3. Enter code: **NHSBSOC16**

Once you enter the code you will be set to order anything you like. Feel free to order everything or just one thing. You can also order multiples of the same things. Our team really stands out as it looks professional and sets a high quality standard within the soccer program.

All the best,

Jeffrey Brunetti
